

# Where To Enjoy Getting Healthy

## **ELITE TENNIS**

Elite Havens has created an athlete's niche for sporting retreats on Bali aimed at tennis players seeking to recharge while on Bali. More than 11 luxury villas are packaged and presented as perfect places for a tennis holiday with great meals attached courtesy of an in-house chef, indulgent spa treatments and amazing staff.

First up is Amalaya Beach House in Batu Bolong which boasts an international tennis court and facilities, a 20-metre pool, private spa and five bedrooms. There's also the super exclusive Villa Batujimbar in Sanur, Padawa Cliff Estate and Ombak Laut in Cemagi.

International tennis coach David Bush – a former hitting partner of Martina Navratilova and Boris Becker – will create bespoke programs for beginners through to strong club players for up to five hours a day as the in-villa professional at Amalaya Beach House.

Elite Havens CEO Jon Stonham said: “This is just a small sample of our tennis retreat villas in Bali, which number up to 11.”
